

## SELIA@14th REAAA CONFERENCE

To enhance our support with government agency and create more awareness about the company, SELIA Group through SELIA Engineering Sdn Bhd took part in the 14th Road Engineering Association of Asia & Australasia (REAAA) Conference 2013, which was held on 26 - 28 March 2013 at Kuala Lumpur Convention Centre.

Some of the important topics highlighted during the conference are highway planning, transportation, asset management, intelligent transport system, pavement, finance, design and construction safety and environment, and geotechnical innovations.

SELIA Engineering took part as an exhibitor and some of the activities conducted during the exhibition session are demonstrations and talk by our engineers on how our services and products can help potential clients with their business needs.
